USEFUL RESOURCES

While you make your way through Section I of the CMake Training Course, use the links below to make sure you have access to everything that the instructor references, or that you'll need in order to be successful throughout the course.

Official CMake Website: https://cmake.org/

CMake Code Repository: https://gitlab.kitware.com/cmake/cmake
Visit the CMake code repository to collaborate and track changes made to the CMake code base.

Learning Materials

CMake Tutorial: https://cmake.org/cmake/help/latest/guide/tutorial/index.html
A step-by-step tutorial that walks you through using CMake with a series of self-guided exercises.

CMake Concepts and Source Tree Organization
See the cmake-buildsystem(7) and cmake-language(7) manual pages for an overview of CMake concepts and source tree organization.

CMake Reference Documentation: https://cmake.org/cmake/help/latest/

CMake Community Resources:

CMake Discourse Forum: https://discourse.cmake.org/
Ask questions, participate in community discussion, or even help answer questions on the CMake Discourse Forum. The forum is actively used by CMake users and developers.

CMake Community Wiki: https://gitlab.kitware.com/cmake/community/-/wikis/home
The CMake Community Wiki is open to everyone. Simply sign in and request access to contribute new pages, update existing pages, and list your project.
